

Draft running order and tentative timetable for the 82nd session of GRBP

The table below provides an estimation on the date and timing for the agenda items proposed in **ECE/TRANS/WP.29/GRBP/2025/18**. Due to the reduced time, the ambition of this GRBP session is mainly to review the working documents and related informal documents, in view of their eventual adoption, the status report from informal groups, and other general considerations. **Other documents received late might not be discussed, depending on the time available for the agenda.**
